**Areas of Practice & Industry Specialties**  
Intellectual Property Law

---

Jeong Hee Seo is a Patent Agent in the Firm's Seattle office. He focuses his practice on patent prosecution in electrical engineering related matters.

Jeong performed patent prosecution related to a broad range of technologies, including semiconductor fabrication equipment, biometric devices, network devices, display devices, and machine learning. Prior to joining Buchalter, he worked as a patent examiner at the United States Patent and Trademark Office, and he served as a patent agent at SunYoung International Patent and Law Firm in Seoul, South Korea. Jeong also worked for four years as a technical product support engineer at Applied Materials, Inc. in Santa Clara, CA.

### **Education**

Jeong earned his J.D. from Michigan State University College of Law. He received his B.S. in Electrical Engineering from the Georgia Institute of Technology.
