Kathleen "Kitty" Juniper's practice focuses on delivering strategic and practical legal advice to primarily health care-related entities. Kitty brings a comprehensive approach to clients' matters with experience in private practice, business, government, and government relations. The issues that Kitty typically handles with her clients relate to:

*Telehealth * Knox-Keene health plan regulation (specialty, provider-based, discount) * eHealth medical devices * retail health * corporate practice of medicine restrictions * government approvals * ancillary services (optical, dental, allied health providers) * advertising and marketing * legislative advocacy * physician issues **

Typical engagements include:

- Structuring telehealth arrangements for national rollouts – provider licensing and contracting, management services agreements, electronic platform licensing, and compliance with corporate practice of medicine restrictions.
- Knox-Keene license applications (provider-based, specialty, and discount).
- Developing compliant business models for highly regulated health care entities and new products.
- Reviewing advertising copy and marketing-related issues for compliance with federal and state laws.
- Drafting management services contracts and structuring arrangements.
- Assisting health care entities with regulatory compliance at the agency, attorney-general, and operational levels.
- Working with stakeholders and individual companies to craft legislative solutions.

Ms. Juniper's prior experience outside of private practice includes In-house Counsel and Government Relations Director of a national optical company, President of a California specialty vision health care plan, Director of Government Relations at University of San Diego's Medical Center and School of Medicine, and attorney positions in the Federal Trade Commission's Policy Planning and Consumer Protection Divisions in Washington, D.C. Ms. Juniper has served on the California Advisory Board on Health Care Service Plans and various trade association and government/industry committees.
