

## **Extension - NMLS Transition for California Financing Law Licensees: Deadline Extended to March 15, 2022**

### **Notice of Extension**

The deadline for licensees under the California Financing Law not currently on NMLS to transition onto NMLS is extended to **March 15, 2022**.

All licensees not yet on NMLS must establish an account in NMLS and submit their information through NMLS on or before the March 15, 2022 deadline.

### **Begin by Establishing an Account in NMLS**

Licensees seeking to transition onto NMLS may access NMLS's website [here](#). From this homepage, select the button for "[Getting Started - Company](#)."

To facilitate creating an account in NMLS, all transitioning CFL licensees should be familiar with the documentation required when setting up the account. This [NMLS Account Creation Help Document](#) describes step-by-step how to create an NMLS account and the documents needed.

### **Input Licensee Information**

After establishing an account, a licensee must input its information on two electronic forms (three electronic forms if the licensee has branch locations). Information about the licensee is entered on the "Company Form," MU1. Information about each key personnel (owners, officers, directors, managing members, partners, etc.) is entered on the "Individual Form," MU2. Information about branch locations/licenses is entered on the "Branch Form," MU3. After completing the applicable information, submit the information through NMLS.

NMLS has state-specific checklists to assist [licensees transitioning](#) onto NMLS, and [FAQs](#) for guidance on transitioning a license onto NMLS.

### **Questions**

For questions regarding the creation of an account in NMLS, contact the NMLS Call Center at (855) 665-7123. For questions regarding transitioning a CFL license onto NMLS, contact DFPI at [CFL.Inquiries@dfpi.ca.gov](mailto:CFL.Inquiries@dfpi.ca.gov) or (866) 275-2677.
